Manganese content, ppm of total solids	8 mg/Kg Max	8 mg/Kg Max

TRIPLE GATE - BOAAZ QUALITY PROCESS

Every consignment shipped by BOAAZ, goes through rigorous quality check performed by three independent organizations in their respective Laboratory facilities.

Quality Gate 1

By LATEX Processing Factory.

Quality Gate 2

By Boaaz Export Quality Wing.

Quality Gate 3

By The Indian Rubber Board.

BOAAZ Service

In addition to supplying a product that conforms to the highest quality standards, we also ensure that the **‘overall experience’** right from placing your order to receiving your consignment remains a **very pleasant one**.

To ‘delight our customers’ with unmatched service levels in the industry is our motto.

We offer two levels of service that our customers may choose from.
